

COMFORT AIR COLLECTION

Designed as a disrupter to the traditional recliner, the Comfort Air by American Leather™ is a revolutionary seating experience, customizable to how you move.

COMFORT AIR
The original

COMFORT AIR ECHO
The modern recliner

COMFORT AIR SOLACE
Science-backed ergonomics

Intuitively comfortable, the original, 'active sitting', Comfort Air™ promotes a healthy posture with full back support. Its patented, gravity-driven mechanism is designed to move with you.

The best of both worlds. For those who prefer a more traditional reclining motion but still want to incorporate the same beautiful designs you're used to with the original Comfort Air™ series.

Elevate your relaxation with Comfort Solace. Its exclusive "zero gravity" allows for the your feet to recline above the heart, reducing stress and promoting well-being.
